# INDEX TO BUREAU OF SHIPS CONTROLLED ELECTRONICS EQUIPMENT

## FOREWORD

### PURPOSE:

The purpose of this publication is to furnish information to personnel involved in the various phases of inventory management, such as procurement, requisitioning, stocking, etc., of Bureau of Ships Controlled Electronics Equipment, cognizance symbol "F".

### CANCELLATION:

This publication cancels and supersedes:

- a. "Index to Bureau of Ships Controlled Electronics Equipment", NAVSHIPS 92563(A) of 1 July 1958.
- b. "Cross Reference of "F" Cognizance Material" of 31 May 1961.
- c. "List of Equipments by Restoration Categories", Enclosure 5 to BuShips Instruction 10550.10C of 1 June 1958.

### ORGANIZATION:

This publication is organized as follows:

- PART A - All "F" Cognizance Federal Stock Numbered items in sequence by Federal Stock Number.
- PART B - All "F" Cognizance Federal Stock Numbered Items in sequence by Equipment Model Nomenclature.

### MAINTENANCE:

Information contained herein will be kept current by means of periodic cumulative supplements and revisions.

### INQUIRIES:

Any inquiries concerning this publication and all requests for additional copies are to be addressed to the Chief, Bureau of Ships, Code 627DJ, Navy Department, Washington 25, D. C.

### ACTION:

The information contained herein is effective upon receipt. Activities shall assure that the action indicated by the Management and Change Codes contained herein are complied with expeditiously.

EXPLANATION OF COLUMNAR HEADINGS:

Column 1 - Cognizant BuShips Code. This column indicates the Bureau of Ships Code having inventory control of the item. Each Code should be preceded by "627", i.e., D1, E1, F1, and G1 are Codes 627D1, 627E1, 627F1, and 627G1 respectively.

Column 2 - Federal Stock Number. Self-explanatory.

Column 3 - Equipment Model. The model designation of the equipment or unit covered by the Federal Stock Number.

Column 4 - Parent Indicator. A "P" in this column indicates that the model shown in Column 3 is a "Parent" Model. That is, a complete unit, set or system which may be installed and/or-operated independently.

Column 5 - Parent Model. The model designation shown in this column indicates the "Parent Model" of the nomenclature shown in Column 3. In those cases where a "P" is shown in Column 4, the model nomenclature in Columns 3 and 5 will be identical.

Column 6 - Management Code. The information in this column indicates the current status of each item in so far as retention of material in stock, acceptance of material turned in to stores and disposal are concerned. Action to be taken in accordance with these code assignments is given below: IT SHOULD BE NOTED THAT THIS CODE SUPERSEDES THE "RESTORATION" CATEGORY CODES FOR "F" COGNIZANCE MATERIAL.

<u>Code</u>	<u>Action</u>
J	Material on hand or subsequently received from any source is to be retained regardless of condition.
W	Retain and accept returns of all Ready-for-issue material and Non-Ready-for-issue material in R-1 and R-2 condition. Dispose of material in stock or subsequently received in R-3 or R-4 condition.
Y	Retain material on hand or subsequently received in Ready-for-issue condition. Dispose of all material on hand or subsequently received in Non-ready-for-issue condition in accordance with NPR&D Regulation Number 1 and amendments thereto.
T	Dispose of all material on hand or subsequently received in either Ready-for-issue or Non-Ready-for-issue condition in accordance with NPR&D Regulation Number 1 and amendments thereto.

Column 7 - Spares Indicator. The letter "S" in this column indicates that the Federal Stock Number covers the "Equipment With Spares".

Column 8 - Change Code. Entries in this column indicate the status of the item as shown below:

<u>Code</u>	<u>Type of Change</u>
CØ	Supply Management has been transferred to the inventory control point indicated in Column 13. Transfer any material on hand or subsequently received in accordance with directives of the acquiring inventory control point.
C2	Supply Management has been transferred to the inventory control point indicated in Column 13. Material on hand or subsequently received will be disposed of in accordance with NPR&D Regulation Number 1 and amendments thereto.
JØ	The Federal Stock Number has been changed. Material on hand or subsequently received should be identified by the "New Federal Stock Number" shown in Column 14.
LØ	Establishes an item of stock in the Navy Supply System.
L1	Reinstates an inactive stock number to active status.
M5	Establishment of or change to DOD Standardization Code.
QØ	Withdrawal of interest in a stock number. (Inactivation). If material is in stock or subsequently received, notify the Bureau of Ships, Code 627DJ.
Q4	Withdrawal of interest in a stock number. Dispose of material on hand or subsequently received in accordance with NPR&D Regulation Number 1 and amendments thereto without referral to the Bureau of Ships.
YØ	Unit Price Change only.
Y1	Unit Price and Management Code Change.
Y2	Unit of Issue Change.
Y3	Unit of Issue and Management Code Change.
Y4	Unit of Issue and Unit Price Change.
Y7	Management Code Change only.
Z8	Withdrawal of interest in a stock number. If material is on hand or subsequently received with spares under this stock number, turn the spares in for breakdown to bin stock and take the equipment without spares up in stock under the "New Federal Stock Number" shown in Column 14.

Column 9 - AIR Codes. For Internal Bureau of Ships use only.

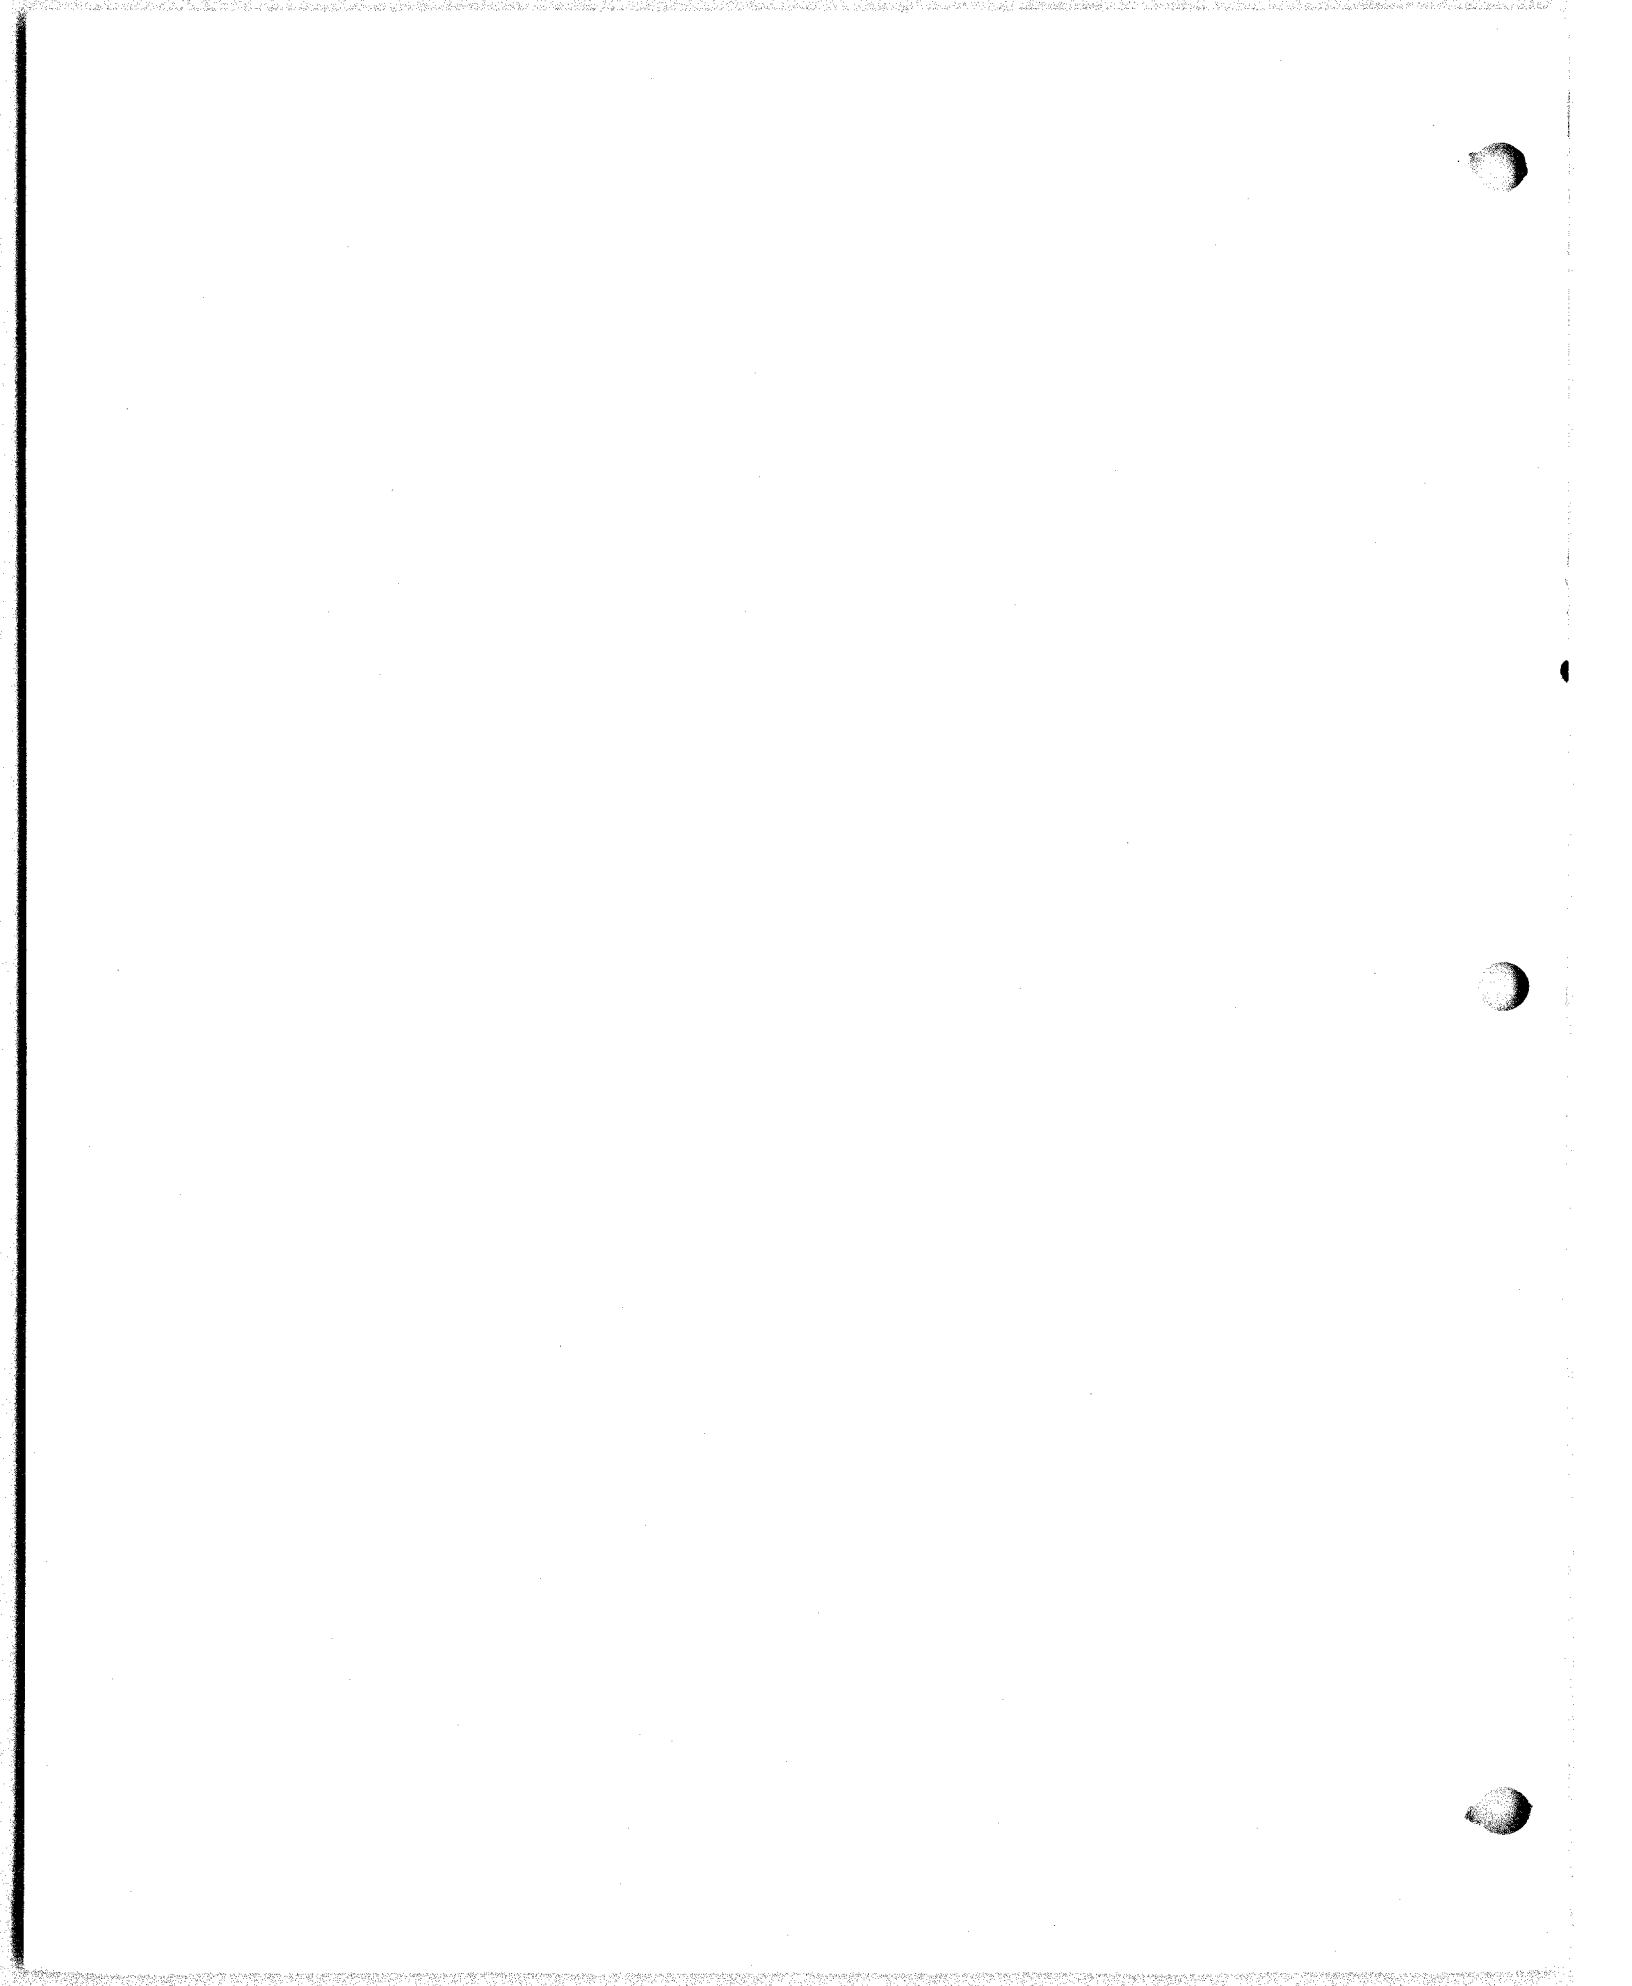

Column 10 - Price. Standard Price of the item rounded to dollars only.

Column 11 - Freight Classification Codes. Refer to BuSanda INSTRUCTION 4600.51A of 7 July 1959.

Column 12 - Date Last Change. Effective Date of the current status of the item.

Column 13 - New Inventory Control Point. Cognizance Symbol of the Inventory Control Point currently having supply management of the item.

Column 14 - New Federal Stock Number. The stock number which supersedes the Federal Stock Number shown in Column 2.
