CHAPTER 1

GENERAL

101. DNC 8 SUPP-1(A) is for use of all MARS members for the purpose of providing call sign information to the membership.
102. This publication provides a list of currently assigned call signs and the office, group or individual represented by each. Individual call signs will be assigned by the Chief, Navy MARS and additions or deletions will be promulgated periodically.
103. Call signs are used primarily for establishing and maintaining communications. Call signs assigned to individual Navy MARS members and collective call signs will also serve as address designators since the station and address are synonymous.
104. Call signs assigned to individuals for Navy MARS use are restricted to use on MARS circuits only and will NOT be employed for any other activity.
105. In order that this publication may reflect more current information, future changes will be issued on a quarterly basis and will consist of reprint pages only. It is anticipated that these changes will be sent to the printer on 15 November; 15 March; 15 June and 15 August. Only material received by Chief, Navy MARS by the 25th of the preceding month will appear in the change; e.g., the cut-off date for the 15 November change will be 25 October. Amendments received after the 25th would appear in the 15 March change.
106. For easy reference, the Headquarters, District and Collective calls are listed below.
