

PLANT IDENTIFICATION SHEET (continued) - (check appropriate)

1. PLANT HEIGHT (meters)	PLANT CHARACTERISTICS
2. TYPE OF FLOWERS (color, shape, etc.)	PLANT USE (edible, medicinal, etc.)
3. PLANT HABITAT (open field, forest, etc.)	PLANT GROWTH HABIT (annual, perennial, etc.)

This diagram illustrates a piping system with a large storage tank on the left and a smaller tank on the right. The system includes several vertical risers and a network of connecting pipes. The labels on the left side are partially obscured but appear to include terms like 'TANK', 'PIPE', and 'VALVE'.

This diagram shows a simplified version of the piping system, focusing on the two vertical pipes at the top and their connection to a larger rectangular component below. The labels and arrows on the left side are also partially obscured.
