CONTENTS - TABLE OF CONTENTS (CONT.)

GENERAL INFORMATION

1. STATE

1. The State of California requires that every new construction project be fully accessible to persons with disabilities in accordance with the standards set forth in the California Building Code.

2. The California Building Code is based on the 2003 International Building Code (IBC) with California amendments. The California Building Code is based on the 2003 International Building Code (IBC) with California amendments. The California Building Code is based on the 2003 International Building Code (IBC) with California amendments.

2. MATERIAL

3. The contractor shall provide a clear path to a wheelchair accessible entrance to the building. It shall be a minimum of 36 inches wide and shall be unobstructed.

4. The contractor shall provide a clear path to a wheelchair accessible entrance to the building. It shall be a minimum of 36 inches wide and shall be unobstructed.

5. The contractor shall provide a clear path to a wheelchair accessible entrance to the building. It shall be a minimum of 36 inches wide and shall be unobstructed.

6. The contractor shall provide a clear path to a wheelchair accessible entrance to the building. It shall be a minimum of 36 inches wide and shall be unobstructed.

7. The contractor shall provide a clear path to a wheelchair accessible entrance to the building. It shall be a minimum of 36 inches wide and shall be unobstructed.

3. OTHER NOTES

8. The contractor shall provide a clear path to a wheelchair accessible entrance to the building. It shall be a minimum of 36 inches wide and shall be unobstructed.

9. The contractor shall provide a clear path to a wheelchair accessible entrance to the building. It shall be a minimum of 36 inches wide and shall be unobstructed.

a. Clear Path Requirements

Clear path to the entrance shall be a minimum of 36 inches wide and shall be unobstructed.

10. The contractor shall provide a clear path to a wheelchair accessible entrance to the building. It shall be a minimum of 36 inches wide and shall be unobstructed.

11. Clear Path Requirements

12. The contractor shall provide a clear path to a wheelchair accessible entrance to the building. It shall be a minimum of 36 inches wide and shall be unobstructed.

13. Clear Path

Width: 36 inches
Height: 48 inches

14. Clear Path: 36"

15. Width: 36 inches
