- B. If full payment of all amounts invoiced is received by Teletype Corporation within 30 days from date of invoice, (60 days, in United States funds, where customer's billing address is outside the United States of America) customer shall be entitled to a discount of two percent (2%) of the price of all parts and equipment shown thereon.
- C. Prices are valid for those orders accepted by Teletype Corporation for shipment through the third month following the date a price adjustment becomes effective. All deliveries after such period will be at the price in effect at the date of shipment.
- D. Each invoice is due and payable thirty (30) days from date (60 days, in United States funds, where customer's billing address is outside the United States of America). Purchaser agrees to pay on demand all reasonable costs of collection, including collection agency fees, attorney's fees and legal expenses incurred or paid by Teletype in collecting any delinquency hereunder.
- E. If credit has not been established with us, domestic terms will be c.o.d. or cash in advance and export terms will be irrevocable letter of credit on The Northern Trust Company, Chicago, Illinois, or, for orders under \$500.00, sight draft on the Northern Trust Company. Unless you expressly designate such a freight forwarder, you will be deemed to have authorized us to select a forwarder to act on your behalf.

All of our obligations recited in this paragraph are on the condition that we be given immediate written notice of all claims of infringement and full authority to dispose thereof. In connection therewith you agree to furnish such reasonable assistance as we may request. In any event, however, our obligation shall not apply to any combination of said article with anything not furnished by us, and also shall not apply to any infringement arising out of Teletype's compliance with your specifications. Our liability and obligations including any warranty against infringement as to any such alleged infringement shall be limited to those expressed in this paragraph.

The furnishing of any article does not convey any license, other than such as may be implied by law, to use the same in any patented system or combination.
